▼ **Short Description** [hide images]

Easy micro cache along alternate route.

▼ **Long Description** [hide images]

This cache is placed upon a spur of the old highway now known as Deep Creek Loop. If you want to slow down (the speed limit is 35 mph), enjoy the scenery and grab a quick cache, this is the route for you. The spur connects at the north end and south end so there is no need to backtrack.

Watch the geokids and geohounds as there is some traffic on the road. Also, bring a writing utensil.
